Subject: ARC potential draft

Becky -

The following might (or might not) be needed as an ARC budget amendment. Please do other more "for sure" requests first. Then if you get caught up, please draft the following.

Direct Commerce to prepare a report related to the petroleum environmental cleanup fund award (PECFA) program, with the assistance of DNR, and to submit the report to the Legislature and Governor by October 1, 2008. Direct that the report include the following information: (a) the number of PECFA sites closed with residual contamination since the PECFA program began; (b) the amount of residual contamination and conditions at each PECFA site closed with residual contamination, at the time that Commerce or DNR issued the determination that no further action was required at the site; (c) an estimate of the cost of testing all PECFA sites closed with residual contamination to determine the extent to which the residual contamination has changed since the site was closed; (d) the extent to which insurance offered by the private market for petroleum underground storage tanks differs from the coverage and benefits provided by the PECFA program, and how those differences impact the ability of petroleum underground storage tank owners or operators to operate their business; and (e) an analysis of the feasibility of developing a public and private petroleum underground storage tank risk financing program to pay for the cost of remediating future petroleum releases at closed PECFA sites.

Thanks.

LFB:.....Bonderud - Report on PECFA residual contamination

FOR 2007-09 BUDGET -- NOT READY FOR INTRODUCTION

ASSEMBLY AMENDMENT ,

TO ASSEMBLY SUBSTITUTE AMENDMENT 1,

TO 2007 SENATE BILL 40

1 At the locations indicated, amend the substitute amendment as follows:

2 1. Page 1604, line 14: after that line insert:

3 “(2)^u REPORT ON RESIDUAL CONTAMINATION. The department of commerce, with
4 the assistance of the department of natural resources, shall prepare a report
5 concerning the petroleum storage remedial action program under ^{section} 101.143 of the
6 statutes. The department shall submit the report to the legislature in the manner
7 provided in section 13.172 (2) of the statutes and to the governor no later than
8 October 1, 2008. The department shall include all of the following information in the
9 report:

1 (a) The number of sites closed under the program with residual contamination
2 since the beginning of the program. ✓

3 (b) The amount of residual contamination and the conditions at each site
4 described in paragraph (a) at the time that the department of commerce or the
5 department of natural resources made a determination that no further remedial
6 action was required at the site. ✓

7 (c) An estimate of the cost of testing all sites described in paragraph (a) to
8 determine the extent to which the residual contamination has changed since the site
9 was closed. ✓

10 (d) A description of the extent to which insurance available for petroleum
11 storage tanks differs from the coverage and benefits provided under the program and
12 of how those differences affect the ability of owners or operators of underground
13 petroleum product storage tanks to operate their businesses. ✓

14 (e) An analysis of the feasibility of developing a public and private risk
15 financing program for underground petroleum product storage tanks to pay the costs
16 of cleaning up future petroleum releases at sites closed under the petroleum storage
17 remedial action program under ^{section} 101.143 of the statutes." ✓
